File No. 307-34

FILE HEADING.

Reorganisation of the Weaving Section of the I & C. Department

FROM The Director of Industries & Commerce

No. D2. 433/34-35 Dated 15 May 1935 Received 17-May 1935.

Diary No.	Enclos.	Spare copies	Serial No.

BRIEF ABSTRACT OF LETTER.

Request Sanction of Government to reorganise the Weaving Section on the lines recommended by the Industrial Engineer who was deputed to Madras. The scheme does not involve any extra cost under establishment but shifting of plants may cost Rs 1000 and other improvements etc may involve some more extra cost.

NOTES AND ORDERS.

Subd. The Director of I & C recommends the adoption of proposals made by the Industrial Engineer relating to

A (1) The Weaving Institute.*

B. (2) The Weaving Demonstration Section.*

C. (3) The Home Industries classes.*

Kind reference is invited to Para D in the Report (Typed file)

Sheet 19.6.35.

NOTES—First Sheet.

It is not clear from the Industrial Engineer's note what the scheme is for which sanction of Govt is required. The rearrangement of the existing staff is a matter which the D^r may himself approve perhaps, as no additional cost is involved. No extra hands will be entertained. As regards the shifting of the school to the S.L.N premises, the it is stated that negotiations with that institution are going on. When that is settled the cost of shifting which is estimated to amount to Rs 1000 may be sanctioned. What the cost will be for "putting down" some handloom of more modern type and of a sturdier condition" is not stated. No particulars are furnished as to the needs of the school in this behalf. It is stated that the S.L.N Institute are agreeable to transfer their equipment which includes two power looms. In this view of the no further addl equipment will be required for the present at least perhaps. As the main object of the school is stated to be the training of students in hand-loom weaving there purchase of will be no use for the power looms in the school perhaps.

3 The syllabus of the Madras Weaving Institute proposed to be followed there is not

NOTE—Contn. Sheet.

General and Revenue Secretariat

sent up. ~~Adequate provision~~ This proposal to instal and run a Dyeing plant on a commercial scale: This is not definite ~~That recommendations are approved will~~ ~~be~~ The proposals for the arrangement of District demonstration work are not very clear. The proposal to give the assistance of a man by the Lady demonstrator is a matter for the D^r's order. It is proposed to appoint one of the Demonstrators as a Bunghee. No sanction for this appears to be necessary for this.

4. It is stated that it will be possible to choose all the necessary staff etc from the existing staff. A statement to show the existing staff & the proposed redistribution would be necessary to make this point clear. If this is only a matter of shuffling the existing hands ~~then formally~~ the D^r himself could approve of the arrangements so long as the nature of their duties are not altered.

5. On the whole the proposals seem to call for more definiteness before they can be sanctioned.

6. The D^r & will if appd. be requested to report the points on which sanction of GI is required with a statement of the redistribution of the hands & a list of extra appliances required etc

From the Director of Ste
Letter No D.2-433/34-I, dated 16/8/35
(Reference 5) forwards the Provisional
Statement called for.

(14) With reference 5 & 6 the Director
has sent a Provisional Statement
of the existing arrangement of the Bearing
Shaft & the proposed redistribution - The
extra cost is Rs 512 owing to the
introduction of a new hand - Designs
Draftsman on Rs 30-2½-50 - The
hand to be chosen is one of the
Instructors who will be thrown out
by the abolition of the General
Engineering classes. The redistribution
of the extra hand proposed are in
order. The Finance has to be
consulted. The Provisional Statement
has also to be verified by the
Comptroller,

called Designs Draftsman

(15) The Hon'ble Member
is in regard to the transfer of the
Bearing Workshop
to the Compound of S. & I.
Buildings. The Director
invites reference to the draft
agreement already sent by
him in regard to the proposed
transfer. It is now mentioned

(22) Returned with compliments with the proposition statement duly verified subject to the following observations :-

(a) The scale of pay for the post of the Weaving Inspector was revised from Rs.150+50 p.A. to Rs.100-10-150 in G.O.No.Fl.444-6 S&A.2-34-1 dated the 13th July 34, and Mr.M.A.Quadir, B.Sc., was appointed on probation against this post for a period of six months on a pay of Rs.150 in G.O.No.D.7667-8 I&C.285-34-2 dated 28-5-35.

(b) The fixed travelling allowances attached to the several appointments in accordance with G.O.Nos.D.2522-3 I&C.161-31-2 dated 23-11-31 and D.5343-4 I&C.293-32-9

For file Sub Separately in connection with the proposal to appoint Mr Qadir Asst Supdt Secretariat Dept

NOTE—Contn. Sheet.

I/c File No. 307 of 193 4 | General and Revenue Secretariat

dated 25-4-33, are not noted against the several appointments shown under the present scale' nor does it include the menial establishment.

(c) One of the posts of the District Weaving Demonstrators is kept vacant according to G.O.No.D.5160-61 I&C.41-31-4 dated 12-4-35 consequent on the transfer of Mr.G.R. Bailey as Superintendent, Industrial School at Nelamangala. This has not been shown in the statement under the present allocation

(d) The pay of Messrs.V.Narasimiah, Demonstrator, 1st grade and S.K.Kempiah, Weaving Maistry, has been changed from Rs.76 & Rs.29/- shown respectively in the statement to Rs.82 & 25 which they were drawing actually on 1-8-35..

(e) The statement does not show ~~xkm~~ how the additional cost on account of the new appointment of the Designs ~~Department~~ Draftsman on Rs.30-2½-50, is proposed to be met from sanctioned grants of the Department.

(23) The extra cost cannot be exactly worked out as it is not clear whether the Fixed Travelling Allowance will continue or not and whether the scale of peons is proposed to be altered or not.

Reorganisation of the Weaving Institute

File No. 307 of 193 .4	General and Revenue Secretariat

economy may kindly be waived as the short travelling allowance is insufficient for the touring the Officers have to do.

c) Including the post of the Demonstrator - who has been detailed for the Nelamangala Industrial School, the total number of Demonstrators sanctioned is 12 and in the revision proposed, the number of Demonstrators is kept at the same - figure. One of the Demonstrators of the - - Demonstration Section, Mr. B. S. Yellappa Setty, who is now in charge of the Nelamangala School will continue to be there. This is shown now in the allocation statement.

d) The pay of [illegible]f as on this date is noted in the statement of allocation now given. An increment of Rs 4/- from 1st Febry. 1935 was sanctioned to Mr. S. K. Kempiah, vide Office orders dated 17/30 & 4-1-36 (copies enclosed).

e) The extra cost involved by the appointment of the Designs Draftsman will be met from the - savings expected from the abolition of the post of the General Education Teachers in the Industrial School establishment. I have separately - - addressed Government pointing out the need for giving him a grade of Rs 30-2½-50.

Para 23 : - The menial establishment will be increased by one peon on Rs 12/- as recommended by me in my letter No. D2-433/34-35 dated the 1/3rd October 1935. The extra cost on this - account will be met from the above savings.

Revised proposition and the allocation - statements are submitted.

11th Febry. 1936.

Director of Industries

Reorganisation of the Weaving Institute

General and Revenue Secretariat | G/2 File No. 307 of 193 4 | [App. F. III—2

Serial No.	
	The Director has submitted revised proposition statements in the light of the observations made by the Comptroller & Auditor General furnished, all the information required by him.
	(2) The extra cost on account of the reorganisation of the Weaving Institute is on account of (1) Designs draftsman on Rs 30-2½-50 & (2) a peon on Rs 12 p.m. & the Director proposes to meet this extra cost of Rs 56 per annum by the savings effected by the abolition of the General Education classes.
5/2 144 656	This will be verified with regard to the Comptr.
	(3) In connection with the reorganisation of the Weaving Institute, the Director proposes the shifting of the Institute to the S.K.N. Institute in accordance with the terms of agreement (flag T). The cost of removal amounting to Rs 650 being met from the Source pointed out by him.
	In connection with this connection it may be

Ins

to have time

Reorganisation in the Weaving Industry

General and Revenue Secretariat | File No. 307 of 1934. | [App. F. III—2

Serial No.

(33) The exact implications of the Reorganisation proposals are not clear from the note of the Industrial Engineer.

(34) A designs draftsman on Rs 30/- was I believe recently sanctioned. This is not shown in the present scale in the proposition statement.

35 What exactly are the duties of the Weaving Inspector, the several weaving demonstrators and the weaving and dyeing Masters who are at present discharging have not been set forth in the note The places or offices where they are at present working is not also not mentioned what their duties will be and where they will work in the future reorganisation may be clearly stated

(36) In the note it appears that 8 demonstrators and 8 masters are working in the districts, but in the proposition statement it is stated that 8 demonstrators and 9 masters are getting fixed T-A. Who is this extra master and where is he working?

NOTE—Contn Sheet.

WD 03594—GPB—30,000—13-7-35

Reorganisation of the Weaving Institute

14	File No. 307	of 193 4	General and Revenue Secretariat

37) According to the note the feature demonstration section will consist of 6 parties each party presumably consisting of a demonstrator and a maistry. If this is so where is the necessity for 9 maistries in this section as shown in the proposed statement? Where is the necessity to continue fixed pay to 8 demonstrators and 9 maistries as at present?

38) In the note it is stated that a dyeing section would be organised and that a dyeing plant would be run on a commercial basis. What exactly is the scope of work proposed to be done in this section and what is personnel would be after reorganisation may be clearly explained

39) The note says that the present syllabus is defective and that the practical side of the training of the students is not given due prominence. Copies of the present and revised syllabuses may be called for with explanation for the changes proposed to be introduced.

Reorganisation of the Weaving Industry

General and Revenue Secretariat | File No. 317 of 1934 | [App. F. III—2

Serial No.

(40) It is stated ... that the present system of training a party consisting of a demonstrator, a maistry and a peon has outlived its usefulness. This statement requires amplification. In the future reorganisation only 6 parties are proposed to be retained at Bangalore to be sent out to various centres as occasion arises. If this is so, the number of peons may be reduced by two and the fixed pay of the demonstrator and maistries given may for the period they camp out and not throughout the year as at present. The nature of the work which these demonstration parties are expected to do at the centres may be clearly explained.

(41) In the last para of his note the Industrial Engineer talks of drawing up a programme of work at the beginning of each year. It seems necessary to get more details of the kind of programme which he has in mind. He also speaks of the maintenance and submission of diaries by all the

NOTE.—Contn. Sheet.

Reorganisation of the Marine Institute

File No. 307 of 193 — General and Revenue Secretariat

officials. It is not clear what sort of claims he expects for those who are engaged in the Institute on teaching or on research work.

(2) The whole scheme adumbrated in the note is extremely sketchy and vague on many important details. If approved, the papers will be returned to the Dr with a request that a well thought out scheme with full details on all points requiring orders of Govt may be submitted with a revised proposition statement duly verified by the Comptr.

Key 16.3.38

Please speak to me

(3) Please see my remarks on the Director's report. A draft G.O may be put up accdly

P.T.O

NE continued

Reorganisation of the Weaving Institute

H/C File No. 307 of 193 4 | General and Revenue Secretariat

4) By the abolition of the present system of having a Demonstrator & a Master in each Dt and concentrating them in the reorganised Weaving Institute, there will be 10 spare hands in the Institute, exceptng the parties who are at present for Demonstration in Cotton weaving dyeing Etc. It is for consideration whether the entire arrangements may not be continued as at present existing for one year more, after which they may be made permanent. It would then be possible, perhaps, to see if all the extra hands would have sufficient work and any of the extra hands in the Institute could be rehoneded.

This is for orders

It may be desirable to continue the staff on a temporary basis for another one or two years & then consider the question of making it permanent.
24/6/36

24/6/36 (5) Another point is about the grade pay to be given to the Designs Draftsman. It was been ordered that pending orders on the reorganisation he may continue in the old grade of 30 - 2 - 40. The Director's proposal is to allot him the grade 30 - 2½ - 50 This for orders

E Perhaps 30-2½-50 may be allowed

under Establishment as it is proposed to absorb the existing staff into this new arrangement. The shifting of the plants of the Institute to the S.L.N. Institute may cost about Rs 1,000/= and there may be some extra cost for improving and adding a few more useful appliances. What this will be, I shall intimate later

3 I request you to kindly obtain sanction of Government for the re-organisation of the Weaving Section on the lines indicated in the Note of the Industrial Engineer.

I have the honour to be,

Sir,

Your most obedient servant,

DIRECTOR.

BV2

Appendix I

NEED FOR THE REORGANISATION OF THE WEAVING SECTION INCLUDING THE INSTITUTE.

THE WEAVING INSTITUTE.

1. A close study of work done, shows that the Weaving Institute has done a fair amount of useful work. But there has been no close supervision by the Weaving - Inspector. I note that the Instructor has been left entirely to himself to do things as best as he can without any proper direction or guidance. The syllabus has not been properly drawn up and there is no attempt made at giving prominance to the practical side of the training of the students. The syllabus is not being closely - followed. The appliances in the Institute and equipments necessary are not at all satisfactory. During my deputation to Madras, I studied the working of the Textile Institute there which is certainly far better equipped and staffed and maintained than ours. The amount of money spent on the Textile Institute, Madras, is certainly much greater than what is spent on the Weaving Institute here. Even allowing for this factor, it should be possible to reorganise the working of the Institute, rectifying the existing defects under the heads mentioned above.

2. I consider that it is necessary to maintain the Weaving Institute under the Department of Industries for specially training students for Hand-loom Weaving Industry. In the Technological Institute, I believe, students with better educational qualifications will be trained for supervisory posts in Textile mills where power machinery is in use. As long as there is a Weaving Demonstration section

section attached to the Industries Department, the Weaving Institute of the type we have, with suitable modification for the efficient training of artisan class students, is necessary. I propose, therefore, that the Institute may be reorganised in the manner described below.

3. (I) S T A F F.

a) The Weaving Inspector (or Textile Expert to the Director)
(To be the Principal of the Institute).
b) Two Assistants with suitable qualifications,
(Could be selected from the Demonstrators)
c) One Mechanic.
d) One Instructor (of Maistry's rank).

(The Mechanic & the Instructor are already in the Institute.
e) One Dyeing Assistant;(already working)

As regards the office staff for the Institute, the Weaving Inspector's office establishment should be made use of for this purpose, as the office of the Weaving Expert or Inspector, will have to be situated in the Institute building itself.

4. (II). B U I L D I N G.

At present the Institute is located in the building opposite to the Bus stand in the City in a very crowded locality at a rental value of Rs.100/- Negotiations are going on with the Chairman of the Board of Trustees of the S.L.N. Institute to accommodate the school in their premises free of rent. This new building is centrally situated, far from the crowded locality and will be quite suitable for our purpose.

5. (III).EQUIPMENT.

We have, at present, certain handlooms of very old

old type which ~~max~~ are not quite satisfactory. We may put down some handlooms of more modern type and ~~a~~ of a sturdier condition. The S.L.N.Institute are agreeable to transfer their equipment among which there are two power looms of the Institute.

Details proposals may be submitted

16. With a few more additions of the hand-looms and certain other appliances and tools, the Institute should be able to impart training in hand-loom weaving on quite up-to-date methods.

17 IV. SYLLABUS AND THE COURSES OF STUDIES.

I am taking up this matter separately with the technical men in the Department, to arrive at a suitable syllabus for the school. I am of opinion that to a great extent, we may follow the lines of studies generally as described in the syllabus of the Weaving Institute,Madras.

Advantage will be taken while shifting the machinery and tools to the S.L.N.Institute to instal a good and up-to-date Dyeing Section in the Institute with the surplus machinery in the Dye House at the Silk Weaving Factory in Mysore. Attempts will be made to run the Dyeing Plant on a commercial basis, which will also be of great use to the Institute from a practical point of view.

18 V.RESEARCH.

Research is of great importance in the Weaving section. Great attention is being paid by the Central Bureau of Research of the Government of India to this subject. The Provincial Governments are giving considerable attention to this aspect of the development of the hand-loom industry

industry in India. Hence research is necessary. This section will consist of:-

1) One Assistant to be recruited from among the existing Demonstrators.

2) One Mechanic (who is already available in the Institute)

3) One Draughtsman (will be made available from the mechanical staff of the Department).

These proposals may be approved

Research will be carried on the following lines:-

1) Development of Hand-loom for greater production and simplicity in operation,
2) Development of power looms, at cheap cost(using mainly timber in the construction there-of)
3) Dyeing, in all its branches and printing fabrics.
4) Any other subject that may come up for investigation.

VI.DEMONSTRATION WORK IN THE DISTRICTS.

The present system of having a party consisting of a demonstrator and Maistry and a peon in each district head-quarters, has outlived its usefulness as already pointed out. I am enclosing herewith sample diaries of three demonstrators which show that the work done by these men is practically of no account. No definite or useful work is accomplished by them. Details are lacking in the diaries perused by me for a number of months as to what exactly they have been doing in the districts. Vague notes such as"encouraged use of improved appliances","instructed in the use of a loom", and so on, are found in the diaries, which may amount to nothing. A party of this nature, should, on the other hand, establish itself in any particular centre where the necessity for their help is needed and the demonstration taken on hand, must be pursued by them even though it may last a year or more. When the industry for which the

I agree

demonstration was undertaken is established, or found to be not possible, they should shift themselves from that centre and be ready to go to another centre. With this object in view, I give hereunder, the scheme for efficient use of these parties in the districts. Such a party should consist of:-

1) Demonstrator,
2) Helper or Maistry,

These parties will be divided into three groups.

1) Cotton,
2) Woollen,
3) Silk,

Altogether there will be six parties available for demonstration work. When any party is not engaged in the demonstration work, the men of the party will usually work in the Weaving Institute under the Weaving Inspector or Expert. He will give them suitable work to train them up further for their demonstration work in the district. In fact the constant touch these men will have with the Institute where research work is going on and improved methods are being considered, will help them to be in touch with the latest improvements in the industry and it will be of great use to them in their work.

10. VII. HOME INDUSTRIES.

The Lady Demonstrator in Bangalore will be given the assistance of a skilled Maistry to enable her to expand her activities. I personally think a good lot of improvement can be effected in this section. The training should be such as to train women and especially Ghosha ladies to some remunerative occupation. The

Designer ~~and supervising officer~~ should play a good part in these classes. ~~here~~. The Demonstrators shall be made to give their attention to the working of these aided institutions in the Districts.

11, VIII.DESIGNER. .: One Demonstrator.

A capable man to be chosen out of the Demonstrators The function of the Designer would be to keep in touch with the improvements in designs of the fabrics in the Bangalore market and in the important markets outside Mysore State wherever these fabrics are sold. He should assist the Weaving Inspector, in this respect, who will, after scrutiny of the design will pass on to the Institute for research for methods of applying the results to the Hand-loom Weaving Industry. In Madras such a designer is employed in the Weaving Institute and very great importance is attached to this office.

very important. The designer should from time to time visit the weaving centres & organise demonstrations

12. /X. PLANNING.

In each section, work on some definite lines should be planned out for a year ahead and closely followed. It may be necessary to modify the details here and there, as we go along. But without planning or ideas of avenues of progress, nothing can be achieved. The Weaving - Inspector should attend to this and in consultation with his staff, put up a programme of work for the year 1935-36. The programmes will be scrutinised by the Industrial Engineer and submitted to the Director. When once approved, progress in each section should be according to the plan determined on.

2hrs should be given

13. All officials should maintain diaries and they

they should be checked by the Weaving Inspector with reference to work done before and to be done ahead and submitted to the Industrial Engineer with a review thereon every month.

14. One of the chief functions of the Weaving Inspector should be to plan ~~out~~ ahead, work for all the executive officials. A good deal of waste has occured in the past in leaving officials without guidance and without any line of action set for them.

15 I wish to point out that with the existing staff in the Weaving Institute and the Demonstration section, it would be possible to choose all the members of the staff and the officials necessary for the scheme proposed above and I do not anticipate any increase in cost under any of these sections with reference to establishment charges.

DEVELOPMENT BRANCH

To

M. VENKATANARANAPPA, ESQ., B.A.,
Secretary to the Government of Mysore,
Development Department,
Bangalore.

SIR,

Re-organisation of the Weaving Section of the Department including the Institute.

In continuation of my letter of even No. dated 16-5-1935 on the above subject, I have the honour to state that I intend having the machinery etc., in the Weaving Institute shifted to the S.L.N.Charities buildings before the end of June 1935. The shifting of the Dyeing machinery from the Silk Weaving Factory, Mysore, may be deferred for the next official year. The cost of shifting and re-erecting the former is estimated to amount to about Rs 650/- as per statement furnished herewith. The amount will be met from the savings anticipated in the current year's Budget allotment under 28 I&C.4 Demonstration and Experimental Works (vii) Travelling allowance, contingencies and materials.

I request the favour of immediate orders of Government in the matter to enable me to take the necessary action without allowing this amount to lapse.

I have the honour to be,
Sir,
Your most obedient servant,

DIRECTOR.

BV4)

I. DISMANTLING CHARGES OF POWER LOOMS.

1)	Cooli for one week for 8 coolies @ Rs.3/- per day.	Rs. 25/-
2)	Dismantling of shaftings, posts & motors etc.,	" 35/-
3)	Dismantling pit looms and other things	" 20/-
4)	Shifting charges of old stock and almirahs.	" 15/-
5)	Dyeing machines etc.,	" 25/-
6)	Office and furniture etc.,	" 15/-
7)	Extra charges.	" 25/-
	Total:	" 160/-

II. ERECTION CHARGES.

1)	For motor with cement and bricks.	Rs. 45/-
2)	Shafting arrangement.	" 35/-
3)	Fitting up of pit looms with bricks etc.,	" 70/-
4)	Sundry expenses,	" 40/-

OFFICE OF THE DIRECTOR,

Dated Bangalore, 4th July 1935.

FROM S. Abdul Wajid, Esq., B.A.,
Director of Industries and Commerce in Mysore,
Bangalore (India).

TO

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

Reorganisation of the Weaving Section of the Department - Shifting of the Weaving Institute to S.L.N. Buildings.

In continuation of my letter of even number dated 21-6-1935 on the above subject, I have the honour to state that as the year 1934-35 has closed and the grants for that year have lapsed, the expenditure amounting to Rs.650/- incidental to the shifting of the Institute cannot be met from the source pointed out in my letter under advertance.

There is a sum of Rs.1200/- sanctioned under "28 I&C.4 Demonstration and Experimental Works (vii) Weaving - T.A. and Contingencies", in the current year's budget of the Department. This amount also includes the provision made for rent on the existing basis. If the Institute is shifted to the S.L.N. Charities Building, there will be no rent to pay except Rs.25/-per month required for meeting the rent on the portion of the building occupied by the office of the Institute, and the sum required for meeting shifting charges can be met from this saving.

I propose that the expenditure on shifting may be met from this source and request the favour of very early sanction of Government in the matter.

I request that early sanction of Government may also be kindly obtained and communicated to me, on the proposals contained in my letter No. D2-433/34-35 dated 16-5-1935 regarding the reorganisation of the Weaving Section of the Department.

I have the honour to be,
Sir,
Your most obedient servant,

for Director
(absent from Headquarters on tour).

- 6 JULY 1935

DEVELOPMENT BRANCH

D. O. No. D2-433/34-35.

OFFICE OF THE DIRECTOR,

Mr. S. Abdul Wajid, B.A.,
Director.

Bangalore, dated 4th July *1935.*

Dear Mr. Venkatanaranappa,

I invite your kind reference to my letter of even number dated 16-5-1935 submitting proposals for the reorganisation of the Weaving Section of the Department including the shifting of the Weaving Institute to the S.L.N. Charities Buildings. Kindly also refer to my subsequent letter of even number dated 21-6-1935 requesting the sanction of Government for meeting the expenditure incidental to shifting estimated to amount to Rs.650/- from out of the savings expected from the grant under "28 I&C. 4. Demonstration & Experimental Work (vii) Weaving - T.A. and Contingencies" in the Departmental budget for 1934-35.

As the year 1934-35 has now closed the amount required for expenditure on shifting from the source pointed out above has lapsed. I have submitted proposals separately for meeting this expenditure from the grant of Rs.1200/- sanctioned under the same head in the current year's budget. I request you kindly to obtain and communicate very early sanction of Government for this proposal.

In case sanction is granted to my proposal, it would be necessary to shift the Institute immediately as any further delay will result in dislocation of the teaching work in the Institute where the regular courses commence from 1-7-1935.

I therefore request you kindly to obtain and convey the immediate approval of Government to the principle of shifting to enable me to have the shifting work carried out expeditiously.

Yours sincerely,

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

Director i/c

Appendix II

(DRAFT) AGREEMENT

A. The transfer may for the present be fixed for a period of two years and should Government decide to transfer the Institution to any private agency the first offer should be made to the authorities of the S.L.N.Charities.

b. The building will be given free of rent except the portion required for the location of the office for which a rent of Rupees twenty five per mensem will be charged. The Department of Industries will bear the cost of maintenance of the building the amount not to exceed Rs.50/- per annum.

c. The cost of running the Institution will be borne entirely by Government.

d. The Management of the Institution will be under a Committee with the Director of Industries and Commerce as Chairman, and the President, S.L.N.Charities as one of the members and such other members as may be nominated by Government.

e, In regard to the appointments in the Institution, courses of instruction and all technical details, the Department will have complete control. Arrangements will be made to give free instruction to such pupils of the S.L.N.INstitution as take Textiles as a vocational subject.

(The President is agreeable to the deletion of the clause A in so far as it affects to the transfer to a private agency)

Examined by

forward
~~fewer definite proposals~~
~~in this behalf for the Executive~~
necessary proposition Statement
~~about Govt~~

Observe that,

~~In the first place~~, the note of the Industrial Engineer is not clear as to the exact arrangement that should be adopted, though it is stated that a reallocation of duties of the existing heads will not involve any extra cost to Govt. [~~In the second place~~ the Shifting of the plants of the Institute to the S. L. N. Institute is still, unless there have been any developments in the meantime, under negotiation and will involve an expenditure of about Rs 1000/- This question might be taken up when the matter of the transfer becomes a settled fact.] The proposals are not definite again as regards the improvements and additions

The question of shifting the Institute to the S. L. N. Institute is being separately dealt with. The result of the negotiations with the trustees of the S L N Institute and the definite terms of any agreement may be reported before the plant of the Weaving Institute is removed to the S. L. N. Buildings

GENERAL AND REVENUE SECRETARIAT.

(*Continuation sheet draft form.*)

to be made to the Institute Particulars
Kindly
may be furnished regarding the
requirements of the School in this
respect. It is presumed that as
the equipment of the S.L.N. Institute
would be transferred, there will be
no need for additional expenditure
for further equipment. It is also
doubtful if the power looms of the
Institute could be of use in the
School the avowed object of which
is to train students in hand-
loom weaving. The addition of an
up to date dye plant to be run on
a commercial scale proposed in
the note of the Industrial Expert seems to
calls for more specific recommenda
tions.

The proposals regarding the Weaving
Demonstration Section and the Home
Industrial Classes also require further
elucidation.

I have the honour to report.

I have therefore

WD 0255—GPB—10,000—23-8-32

Therefore that a statement showing the existing lands and their restriction under the new Scheme together with a note of the points on which the orders of Govt are sought may kindly be forwarded for consideration submitted.

The note of the Industrial Engineer is herewith returned for reference and kind return with your reply.

Thence etc

followed by a reappropriation statement, if the proposal involves additional expenditure.

mes

The total cost now
stated is Exactly Rs 856

In the calculation the
Director has taken the
Pay of the W. I as Rs 200
but the pay of the
post is Rs 100 – 10 – 150
and the Principle Medical Officer Rs 1200
has been posted by
the Director as Wearing
Impurity
the average cost of
the post is 133 1/3
the difference is
66 2/3 per annum
or Rs 800 p.a.
By deducting this from the figure
previously given the net cost is only
Rs 56 per annum

OFFICE OF THE DIRECTOR,

Dated Bangalore, 1st October 1935.

GEN. 1640 4-10-35

DEVELOPMENT BRANCH.

FROM S. Abdul Wajid, Esq., B.A.,
~~XXXYXXRAHIXXXARHANIXXEsqXXXXX~~
Director of Industries and Commerce in Mysore,
Bangalore (India).

To

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

Government Weaving Institute - Re-organisation.

In continuation of my letter of even No. dated the 19th August 1935 submitting the proposition statement called for in the above connection, I have the honor to state that the menial establishment of the Institute consists of three hands - 2 peons and 1 Watchman on Rs 11/- each (Vide G. O. No.D.7054 -5/I & C 230-34-2 dated the 22/23rd April 1935).

The Weaving Inspector represents that he is badly in need of the services of an additional peon as there has been an increase in the demonstration work at several centres necessitating his frequent inspection and supervision and that he is being put into much inconvenience without a peon when he goes on tour. Owing to the increase in work in the Institute, the present - - menial staff is hardly sufficient to cope with the work in the office and the Institute and he could not utilise the services of any of these while on tour.

I agree with the Weaving Inspector and find that there is need for the services of an orderly or a peon for the Weaving Inspector. I therefore recommend that the appointment of ~~a~~ additional peon on Rs 12/- may be kindly sanctioned for the Institute. The entire menial staff including this post may also be - included in the re-organisation proposals submitted to Government in correspondence ending with my letter of even No. dated the 19th August 1935.

I have the honor to be',
Sir,
Your most obedient servant,
S. Abdul Wajid.
Director.
